

## Intercontinental Specialty Fats- Mill Level Verification Visit

Date: 24-26 April 2018

Location: Gua Musang, Kelantan, Malaysia

Scope: Independent Mill, Small-grower and Smallholder

Verifier: Proforest

Intercontinental Specialty Fats commits to working with its suppliers to ensure they become compliant to our sustainable palm oil policy which has published in December, 2017. Mill-level verification visit to the independent mill located in Gua Musang, Kelantan from 24-26 April 2018. Gua Musang is a town and district in southern Kelantan, Malaysia. It is the largest district in Kelantan.

The visit permits a deeper understanding of the progress of implementation of sustainability commitments at mill, small grower and the smallholder. The visits take the form of an audit using a checklist and criteria, resulting in a report that highlights areas of and provides recommendations for continuous improvement, against which action plans are developed to close the gaps identified.

ISF & Proforest will continue to monitor suppliers' compliance and actively seek impactful collaborations within the industry to build a transparent and sustainable supply chain.
